

# Dear Bride and Groom...

Welcome to Paramount Video – one of the most experienced video companies in Queensland. We'll give you a priceless memory – an exceptional cinematic documentary capturing all the Romance, Excitement, Joy and Emotion...no easy task.

With 20 years experience in TV, Corporate and Wedding production we have the skills to make your dream wedding video. We have hundreds of testimonials from happy brides.

*"Just wanted to say a very big THANK YOU, the Wedding Video is absolutely fantastic! It brought back all the excitement and emotion of the day. It was wonderful to see the wedding as everyone else saw it. The sound quality and clarity of image is amazing. We are SO HAPPY with the result and it is something that we will cherish forever."*  
Phoebe and Lucas Dean

We'll give you, our valued client, the same stunning visuals, joyful moments, happy family portraits, guest messages - all documented for you by award-winning filmmakers.

## **Exceptional 4k videography, drones, photography, photobooth optional.**

Using the same professional cameras we use for corporate work we give you stunning images. Our award-winning videographer is a Director/Cameraman with an international reputation. Our Producer has won the prestigious Japan prize. You'll have a world-class team lavishing attention on you. Options: Video only, add drone, add photography, add photobooth.

## **Reliable, friendly, experienced.**

With over 8000 productions to our credit you can trust our experience. Our friendly team works well with you, your guests and your photographer.

## **Our unique Points of Difference.**

There are hundreds of wedding videographers out there, but we are the only company with 14 years TV experience. Based on this, we incorporate BBC TV techniques into your video. Unlike many video companies, we focus not just on you, but include all your family and friends as in a TV documentary, something you will appreciate as time goes by. Our TV material has captured the attention of millions of viewers. We'll do the same for you, giving you a compelling movie with a storyline that you and your family will love.

All edited chapters of the film are supplied on a hard drive and your Highlights are placed on social media.
